Hello (b) (6)

I guess we have not actually met. For some reason I thought you were (b) (6). I think (b) (6) just provided me with your information. Anyway, I think I have everything straight hopefully.

We plan on mobilizing to begin the setup for the cleanup on Nov 5. We will likely be moving the shed in your backyard so if you have items in their I would appreciate it if you could relocate them. I have talked with the (b) (6) about this as well.

If you have questions, please don't hesitate to call.

Thanks
 Gary Moore
